备用零件 (参见第页 3)

Safety Notes

△ Gloves should be worn during installation to prevent crushing and cutting injuries.

Installation Instructions

- Prior to installation, inspect the product for transport damages. After it has been installed, no transport or surface damage will be honoured.
- The pipes and the fixture must be installed, flushed and tested as per the applicable standards.
- The plumbing codes applicable in the respective countries must be observed.
- During installation of the product by qualified trained personnel, make sure that the entire fastening surface is even and smooth (no protruding seams or tile offset), that the finish of the wall is suitable to apply the product and has no weak points.
- The gasket is not suitable for hot glue.

Symbol description

Do not use silicone containing acetic acid!
